Jesus the Savior

II Timothy 1:9-10

Jesus is the Deliverer, the Rescuer, the Savior of our souls. He takes us out of danger (of judgment, of hell fire, of eternal damnation) and places us in a protected position of safety. The Savior has done away with death and has brought life and immortality to light through the gospel.

The REDEMPTION of the Savior

*Paul tells us in **Titus 2:13-14** that Jesus our Savior gave Himself for us to _____ us from EVIL works and _____ us for GOOD works. We throw our lives away daily on wickedness, but the sacrifice of Jesus saves us from losing our lives, not only on the **judgment** day, but also in the **present** day. In the Savior, we are _____, _____, and _____ about living life right!*

The RENEWAL of the Savior

***Titus 3:5-6** reminds us that our salvation is not by our own goodness, but rather by the mercy of the Savior. We needed an _____! Jesus the Savior stepped in to do what we couldn't, and through Him God gives the renewing of the Holy Spirit. We must understand that salvation is not an _____, but a _____. It is by the gift of the SPIRIT (**Acts 2:38**) that the gift of SALVATION (**Ephesians 2:8**) is assured and secured.*

The RIGHTEOUSNESS of the Savior

*Again, **II Peter 1:1** shows that our salvation is not in our own righteousness, but in that of the Savior. We're not saved because we're so good and obedient and faithful, but because **HE** is! We can only be found _____ to God in the garments He _____, the pure white robes of the Savior's righteousness (**Matthew 22:11-14**); anyone who keeps his own clothes on is cast out into the darkness.*
